Long Island Resorts Are
Well Patronized by City's
Society, Seeking Rest

Hot Springs and White Sulphur Springs are the most popular places with society just at present, and many prominent New Yorkers are spending the month at one or the other of these resorts. Life there at this time of the year is most enjoyable, and tennis, golf, horseback riding, motoring and walking find many devotees. The trails are popular with riders, drivers and pedestrians, and the quiet little tea-houses and clubs in the mountains are scenes of many gay luncheon and dinner parties. In the evening there is informal dancing.

The tennis tournament at Hot Springs ended yesterday, after a week of interesting and exciting matches, and the golf tournament opens tomorrow, and the tennis tournament begins at White Sulphur Springs this week and golf follows.

Lakewood, Atlantic City, Briarcliff, Tuxedo, the Berkshires, Gedy Farm and Garden City and other sections of Long Island also are well patronized by society. Most of the hotels at Lake-wood are now open and everything points to another brilliant season there.

**T. Suffer Tailor Plans
Private Newport Links**

New Yorker Orders Golf Course
Constructed on His Estate;
Surf Bathing Still Enjoyed

NEWPORT, Oct. 11.—The announce-ment during the week that T. Suffer Tailor has arranged with one of the local contractors for the building of a private golf links did not come as an entire surprise, for when he purchased a part of the so-called Bateman farm recently it was intimated that such was to be his course. Mr. Tailor now is the possessor of about as much land area in this city as any member of the summer colony, being the owner of a big section of the Bateman Point district, including the Westchester Polo Club field.

The announcement that he had con-tracted for the construction of a private links led, at first, to the belief there might be some trouble between Mr. Tailor and the Newport Country Club, of which he is a member and an officer. Such, however, is not the case, for it is his intention to permit the use of the links to the former club mem-bers during the summer months. During the past summer the country Club links often were crowded.

It is also possible that Mr. Tailor will permit the use of the links, by some of the golfers among the perma-nent residents of this city, who now have to go to Fall River or across the bay to Jamestown to play.

Newport experienced a return of summer weather during the week, and as a result the beaches claimed their quotas of late-staying summer resi-dents, who seem loath to give up sea-bathing and sunbathing. The water is so cold that the water is too cold for comfort.

Mr. and Mrs. Stanley Mortimer are to remain at the hotel, Mr. Mortimer is to come and, Mrs. Burke Roche is to remain until the end of the month.

Mrs. Alexander S. Clarke, who did not open Beechwood this season, ar-riving during the week for a few days' stay at the Munching King while she was making an inspection of her estate.
